

Modern townhouses
shaped by heritage
& crafted for Central
Otago life.

Clyde Reimagined

[ROCKSONHOLLOWAY.CO.NZ](https://rocksonholloway.co.nz)

Modern living paired with heritage

A contemporary address that belongs in Clyde. Clean lines, robust materials and thoughtful detailing sit comfortably alongside the township's schist and heritage forms – bringing modern living to a place rich with stories.

Clyde, nestled in Central Otago, is a historic town shaped by its 19th century gold mining origins, with its stone buildings, bridge, and river landscape reflecting a rich heritage of an early European settlement.

Clyde experiences distinct Central Otago seasons. Hot, golden summers, crisp and colourful autumns, cold winters, and bright spring blooms, making it a place where the landscape changes dramatically through the year.

Central Otago living

Dine at Olivers, sample Monte Christo wines, discover artisan fare at The Packing Shed, swim the river or lake, and ride the Otago Central Rail Trail from your doorstep.

This is Central Otago living – authentic, effortless, unforgettable.

Stage 1 Selling Now

Internal design has been carefully curated to feel both refined and relaxed, drawing on Clyde's natural tones and light to create interiors that are timeless, warm, and effortlessly liveable.

Natural timber elements, soft neutral finishes, and clean architectural lines bring a sense of calm throughout the home. Open plan living areas, modern kitchens, and beautifully detailed bathrooms combine to deliver a contemporary interior that is both practical and quietly luxurious.
